Description: The Current Population Survey-Child Support Supplement collects detailed information about child support agreements and awards, including both required payments and amounts received, as well as data about the socioeconomic characteristics of custodial parents and their families. Data collected pertaining to child support, and the subsequent analysis of survey data, will assist legislators and policymakers in determining the efficacy of various child support legislation.

Minor changes are being proposed for the 2023 information collection. Changes include deleting extraneous questions, updating language, and adding a few questions about customer satisfaction with the child support program. We do not anticipate that these changes will affect the overall burden to respond to this information collection.
